

# **Mariana Atencio**

## **Event Rider**

### **TECHNICAL REQUIREMENTS**

**Full Rehearsal** - The rehearsal will take approx 60-90 minutes. The presentation will contain any a combination of music, videos and slides.

#### **Over-the-Ear Microphone**

- Ideally with fresh batteries and a back - up in the event of a failure
- Hooked into the in - house system (amp or speakers)

#### **Projection**

- LCD projector
- Remote slide advancer/Clicker
- Screen to project onto (preferably large enough & high enough to allow visibility to all participants)

#### **Presentation**

- Mariana uses PPT slides during her presentations
- Her traveling producer will control the PPT throughout the speech via the clicker
- Mariana and her producer will both be present during tech check
- Mariana prefers a Voice of God for the introduction. The client has the option of crafting a script from Mariana's bio or using our provided intro script
- Video(s) and/or music may also be used during the presentation - depending on the customization
- Mariana likes to come out to a song, usually something like "Here Comes The Sun" from The Beatles or more Latin flavor depending on the audience. Mariana & producer will have a copyrights convo with the client beforehand, if the event will be streamed or posted
- The PPT, voice of god script, music, etc. are all sent previously to the client; Mariana's producer will carry a backup USB

#### **A/V Technician**

- Prior to event to check sequencing and mic/sound setup
- Please ensure that an experienced A/V technician is on hand if support is needed

#### **Recording**

- Video recording is allowed strictly for the client's internal educational use, and may not be distributed, sold, repurposed or uploaded to the Internet or any other platform in any form
- Mariana to receive a raw file copy of the footage within 30 days of the event

### **OTHER REQUIREMENTS**

- Knowledge of the room layout prior to presentation
- Private room space 30 minutes prior to stage time with water
- Room temperature water is required on stage
- Client is responsible for any printouts associated with exercises – to be discussed during conference call.
