

## DANIEL KRAFT, MD

Daniel Kraft is a Stanford and Harvard-trained physician-scientist, inventor, entrepreneur, and innovator and is serving as the Chair of the [XPRIZE Pandemic Alliance Task Force](#). With over 25 years of experience in clinical practice, biomedical research and healthcare innovation, Kraft has served as faculty chair for Medicine at [Singularity University](#) since its inception in 2008, and is founder and chair of [Exponential Medicine](#), a program that explores convergent, rapidly developing technologies and their potential in biomedicine and healthcare. Following undergraduate degrees from Brown University and medical school at Stanford, Daniel was Board Certified in both Internal Medicine & Pediatrics after completing a Harvard residency at the Massachusetts General Hospital & Boston Children's Hospital, and fellowships in hematology, oncology, and bone marrow transplantation at Stanford.

He is often called upon to speak to the future of health, medicine and technology and has given [four TED and two TEDMED Talks](#) and has [delivered keynotes to a diverse array](#) of organizations.

He has multiple scientific publications (including in Nature and Science) and medical device, immunology, and stem cell-related patents through NIH-funded faculty positions with Stanford University School of Medicine and as clinical faculty for the pediatric bone marrow transplantation service at the University of California San Francisco.
